- **Not available for:**
 - Contractors / Technical reps

(Corporation holding contract must provide)

FFPI

**ICAPS MASKS COME IN A SEALED BOX
DO NOT OPEN THE BOX UNLESS IN AN ACTUAL CONTINGENCY**

TRAVEL TOTE THAT TODDLER

TRAVELING THROUGH an airport can be tough with both tots and luggage in tow. But it just got easier with the **Ride-On Carry-On**, a folding chair that attaches to your 18-by-22-in. rolling suitcase and seats a child up to 40 lb. It then folds flat to store in the overhead bin. Designed by a flight attendant who's a mother of two, it also sports a headrest that doubles as a tray table. It's \$45 at rideoncarryon.com or 800 290-6250.

GOOD IDEAS:

Wardens can help their NC's prior to a NEO by informing them of innovations/ideas.
